Combined (Expected in Reading, Writing and Maths)	62%	63%	11%	9%			

- Having started Reception in 2019–20 during the unprecedented disruption of the COVID-19 pandemic, this group of pupils has shown remarkable resilience throughout their primary education. Their hard work and perseverance have led to outcomes that are broadly in line with, and in many areas above, national standards, including particularly strong achievements in Writing and Spelling, Punctuation and Grammar.
- Results at the expected standard were **at or above national averages in Reading, Writing, SPaG and Combined**, with Mathematics slightly below national figures.
- **Writing was a particular strength**, with 88% achieving the expected standard compared with 73% nationally.
- Greater Depth outcomes were **above national figures in Writing and Combined** and broadly in line nationally in SPaG.
- These outcomes are especially noteworthy given the significant disruption this cohort experienced during their earliest years of schooling.
